

Executive Directive

17 FEB 1967

MEMORANDUM FOR: Director of Central Intelligence

THROUGH : Deputy Director for Support **20 FEB 1967**

SUBJECT : Nomination of [redacted] for the  
Federal Accountants Award **STATINTL**

1. This memorandum transmits for your signature a letter nominating [redacted], for the Federal Government Accountants Association (FGAA) Award.

2. The Washington Chapter of FGAA sponsors an annual awards program to recognize outstanding achievement in the improvement of financial management in the Federal Government. The attached letter from Mr. Benjamin F. Robinson, President of the Federal Government Accountants Association of Washington, invites the Agency to nominate candidates for the 1967 award. Last year the Agency nominated Mr. Robert H. Fuchs, the first nomination we have made for this award. You may recall that the selection committee considered Mr. Fuchs to be "over qualified" for the Washington Chapter Award and submitted his nomination papers to the National Awards Committee for the Distinguished Leadership Award. We were never formally advised of the disposition of that recommendation but concluded that he was not selected.

**STATINTL**

[redacted]

for submission of nominations is 28 February 1967.

[redacted]
